Japan's first Foreign Friendly TAXI stands!

Due to the recent sudden increase in the number of visiting travellers from abroad, Kyoto City, in collaboration with the Ministry of Land, Infrastructure and Transport, taxi business associations, the Kyoto Taxi Operation Center and other bodies, has put into practice an endeavor to improve the language skills of taxi drivers and to improve the environment for accepting the needs of foreigners. Foreign Friendly TAXI has begun its trial by setting up special taxi stands, the first in Japan, at JR Kyoto Station’s Karasuma and Hachijo Gates, with drivers and taxis specially certified by Kyoto city’s taxi companies. Although they are taxi stands with priority for foreigners, the taxis may also be used by people with large suitcases, wheelchairs and baby carriages.

There are 127 certified drivers who have received training in customer service and foreign languages. These drivers have special driver IDs or wear special armbands as they drive to the requested destination and at no extra charge. There are 69 certified vehicles scheduled to be in use. The certified taxis have specialized indicator lamps and are marked with magnetic plates or stickers. There are also handy Point-and-Speak foreign language sheets available for foreign travellers to use where they can point to words or phrases they wish to say.

* Payment may be made with credit cards or traffic IC cards (IC card readers are to be installed by August, 2016). There are wagon type cars and Universal Design taxis which have space for more than two large pieces of luggage such as suitcases.
